

International Legal Congress with Approach towards Citizen Rights

The first International Congress on Law in Iran with the approach of legal monitoring and citizen rights with the aim of strengthening the monitoring and enforcement of laws in order to empower and improve the efficiency of the executive machinery in the field of law, as well as the introduction of the latest scientific theories and achievements and exchange of views was held on October 4 and 5, 2017 in Milad Tower.

The event benefited from the support of government agencies, including several Ministries, the Expediency Council, the Islamic Consultative Assembly, the Vice Presidency for Science and Technology of Presidency of the Islamic Republic of Iran, and Universities across the country with its focus on monitoring and enforcing laws in executive agencies, creating the appropriate legal, judicial and administrative environment and structure to meet the goals of the country's 20-year vision.

The event was planned based on a highly specialized and applied view of legal issues by holding several panels, specialized meetings, workshops and presentations by elites in this field with various topics in the field of international law, citizen rights, law Criminal and etc. along with relevant and reliable certificates in different sectors.

Mr. Mohammad Rahmani, Managing Director of the Bayan Emrooz Law Firm, participated in the Congress on behalf of the Firm, and exchanged views and discussions with other participants
